

30<sup>th</sup> Edition – 11<sup>th</sup> April 2018

### President's Post

One of our biggest projects 1987Camp Quality is a wonderful, heartwarming project and the support we have from the local community, students and Rotarians is fantastic. I need to thank each and everyone of you for your contribution to this week. I do need to single out Brian for his on-going support and co-ordination, Liz who worked tirelessly and who was present for the entire camp and Penny who put together the team of helpers.

However, a project of this magnitude would not happen with the input of everyone. **A huge THANK YOU to all of you!**

**The meeting:**

Brian gave an overview of the successful **Camp Quality**, and thanked everyone in the Club for their contribution. A lot of effort was put in by a lot of people.

The very first Camp Quality took place in 1987. An Australian Exchange student reported on a project that their Rotary Club was involved in, and so our Camp Quality was born!

Camp Quality benefits so many – the obvious is the campers who have an incredible time and take home memories to treasure. But the impact on the helpers, Rotarians, the community around us is huge and one of the positive effects of Camp Quality. We therefore fulfill a role in enriching the lives of the Youth, and bringing the community together.

The RI Official Exchange rate is \$ 1.00 = R 11.95
