

Ren's Ramblings

Do you know about the secret lives of the Brown Hyena or the confusing physical attributes of the Spotted Hyena?

These and other facts of Wildlife were superbly illustrated to us last night by Gus Mills, a well-known Wildlife biologist, who turned night into day in his quest to reveal the fascinating lives of carnivores of the Kalahari and Kruger National Park.

President Renate Bowers

That was not the only Highlight of last night's meeting, no, we also inducted Rebecca Green into our club. Welcome, Rebecca, I trust that your membership will be a long and happy one, in which you will share your talents and knowledge with us to the good of the community.

We now look forward to our annual Potjie competition, there is still time to enter your team and try and 'steal' the winner's trophy from the defending champions.

Have a great week and remember your Random Act of Kindness.

Meeting: 12 November

- Guest Speaker: Gus Mills
- We had a full meeting room this evening, and many guests and friends.
- Erik reminded everyone of the Arie Muller Potjie Competition taking place on Sunday the 25th November. If you have not already done so please let Erik have your team details – competition is hotting up! Everyone is welcome, if you are not in a potjie

team, then the cost will be R50 per couple and you can sample as many potjies as you like!

- Rebecca Green was inducted into our Club. Welcome Rebecca, we look forward to having you with us.
- Wine draw won by Gavin.

Guest Speaker: Gus Mills

Gus Mills, who has spent a lifetime conducting carnivore research mainly in the Kgalagadi and Kruger National Parks, gave an intriguing talk titled "Reflections of a Carnivore Biologist".
